

Extra Innings Wednesday!

9/8/10

Algebra 1

1. Eve reads 25 pages per hour. Write an expression for the number of pages she reads in h hours.
2. Miriam is 5 cm taller than Jan. Jan is m cm tall. Write an expression for Miriam's height in centimeters.

Algebra 2

1. Graph each equation

$$y = -x + 2$$

$$2y = 4x + 6$$

Pre-Calculus

1. Do problem 34 on page 12.

AP Calculus AB

1. Do problems 59-62 on page 10.

Physics

1. A race car accelerates from 120mph to 128mph in 2 seconds. A runner accelerates from 0 to 10mph in 2 seconds. Which has the larger acceleration and why?

FST

1. Do problems 54-58evens on page 13.
