---

## **You Want to Learn More?**

Have you ever wondered why some of those contestants on American Idol don't know they can't sing? Or, are you the kind of person that has the "it factor"?

I can help. I am David Whitmire, and I have taught voice lessons for more than 20 years here at LCS. I teach about matching pitches, reading music, performance strategy, audition technique, breathing, posture, and much more. Included in lessons is the opportunity to perform in recitals.

---

**Price:** \$25.00 per half-hour lesson - lessons are offered once per week after school hours

**Where:** Room 104 at LCS

**Contact me:** Email me today and we can set up a schedule for lessons. Recommended ages are from 1st grade through adults. ( Students are accepted from any school or age with any musical or non-musical background )
